Andrew:

Here are the additional costs for the PVDNet as promised. These costs are measurable; however, the support of application as Phil mentioned are not measurable. I hope this is helpful to you and should you have questions, please let me know.

Respectfully,

Barbara Thompson

Monthly      Annual

\$7,094.71      \$85,136.54

Those are unofficial Rough Order of Magnitude Costs only and do not include support of the application by SA3. They are only hosting charges
